BUSINESS
ISLE OF MAN 

The Isle of Man is the world's only entire nation UNESCO Biosphere. A jurisdiction where you can focus on your business ambitions, empowered by an investment friendly environment and assured by transparent regulation.

The Isle of Man has a well-established reputation for offering world-class professional services, with an accessible and engaged Government and a supportive business community; a place where both you and your business can thrive.

WELCOME TO THE ISLE OF MAN

The Isle of Man, a self-governing Crown Dependency, is located in the heart of the Irish Sea, with a total land area of 227 square miles.

Despite its modest size, it has a population of 84,000 and a skilled workforce employed across diverse sectors such as Advanced Engineering & Manufacturing, Food & Drink Export, Biomed, and Medicinal Cannabis.

The Isle of Man is recognised as one of the safest places in the British Isles, distinguished by its unique Manx history, culture, music, language, and folklore, all of which are deeply rooted in ancient Celtic traditions.

The Island's stunning natural landscape, encompasses 95 miles of unspoilt coastline, 169 miles of public footpaths and 32 beaches offering an active lifestyle at your doorstep making the Isle of Man a truly unique location to both live and work.

The Isle of Man is well-connected, offering daily flights to several destinations across the UK and Ireland. Additionally there are regular ferry services to Liverpool and Heysham and seasonal services to Belfast and Dublin.

The Isle of Man is home to renowned international brands, start-ups and everything in-between. Offering strong links, robust physical infrastructure and technical facilities to enable businesses to operate, develop and deliver to their customers worldwide.

SUPPORTIVE BUSINESS ENVIRONMENT

Albion Knitting Company, a manufacturer of premium knitwear relocated its London manufacturing facility to the Isle of Man Airport Technology Gateway (ATG) in 2024.

Their investment was supported by the Isle of Man Government through the Financial Assistance Scheme, which offers generous grant support of up to 40% towards capital and operating expenditure for businesses in the Engineering and Manufacturing sector.

Grow Lab Organics (GLO) became the first operator to receive planning permission to develop a manufacturing facility for the production and export of medicinal cannabis in the Isle of Man.

Through the concierge service, they have benefited from support towards surveys and studies and have received guidance from Department for Enterprise regarding the provision of utilities.
